

Refereed Proceedings

[TCC Worldwide Online Conference](#)

Aloha and welcome to the proceedings of refereed papers presented at the Annual TCC Worldwide Online Conference. The papers were peer-reviewed by an [editorial board](#) comprised of international educators with research and practical experience in online instruction and distance education. A double-blind review process was used to evaluate papers according to the [paper selection criteria](#).

The papers cover a wide range of topics addressing the TCC themes of exploring the research and implementation of new educational technology strategies and emerging technologies as it impacts the learner in colleges and universities worldwide. This online resource is for educational use. Permission for how the papers may be used are granted under the [Creative Commons](#) license.
